

COMPUTER SCIENCE

GENERAL INFORMATION

Are you interested in technology and problem-solving? Consider a degree in Computer Science! As technology continues to shape our world, the demand for skilled computer science professionals grows.

In this field, you can create software, develop new computer hardware, or work on cutting-edge technology projects.

With a degree in Computer Science, you can pursue a career as a software developer, network architect, data analyst, or cybersecurity analyst.

SKILLS YOU'LL DEVELOP

- Creativity
- Database management
- Programming proficiency
- Network administration

POTENTIAL CAREERS

- Software Developer
- Database Administrator
- Cybersecurity Analyst
- Network Administrator
- Web Developer

Transfer pathways start at a Louisiana community college.

- Complete the first 60 credits on your transfer pathway at a community college
- Earn your associate degree
- Apply to a public Louisiana university that offers a bachelor's degree in Computer Science
- Transfer in with a guarantee that all 60 credits will apply to your bachelor's degree

Computer Science
