

KINESIOLOGY SPORT MANAGEMENT

GENERAL INFORMATION

Are you passionate about health and fitness? Consider pursuing a degree in Kinesiology. Kinesiology is the study of human movement and physical activity, and it can lead to various exciting career paths. Graduates of a Kinesiology program can become physical therapists, athletic trainers, exercise physiologists, coaches, and more, working directly with individuals and communities to promote well-being and enhance performance.

In an associate program in Kinesiology, you will learn about human anatomy, physiology, and biomechanics and develop an understanding of how these concepts relate to movement, equipping you with the knowledge and skills to make a positive impact on people's lives through the power of physical activity and optimal human performance.

Transfer pathways start at a Louisiana community college.

- Complete the first 60 credits on your transfer pathway at a community college
- Earn your associate degree
- Apply to a public Louisiana university that offers a bachelor's degree in Chemical Engineering
- Transfer in with a guarantee that all 60 credits will apply to your bachelor's degree

SKILLS YOU'LL DEVELOP

- Anatomy knowledge
- Athletic administration
- Exercise physiology
- Leadership

POTENTIAL CAREERS

- Athletic Trainer
- Fitness Trainer
- Physical Therapist
- Sports Coach
- Exercise Physiologist

DID YOU KNOW?

You can earn credit for a course through accelerated programs, like:

- Dual Enrollment
- Advanced Placement
- International Baccalaureate
- Prior Learning Assessment
- College Level Examination Program
